

Please Help us Continue the Success of Our Program

Commencement

Every three months, we hold a commencement ceremony to celebrate members who have completed ninety days or 180 days of clean and sober living with the Matt Talbot Center.

Wilderness Outings

Part of the Matt Talbot Center program includes weekly wilderness outings. We may go hiking through local mountains, take a ferry to Bainbridge Island, or explore the wilderness closer to downtown Seattle. On rainy days, we may visit local museums or even attend the symphony. Outings such as these expose our members to social and recreational alternatives in a sober setting.

In addition to hikes, we also go on seasonal outings, such as this trip to a pumpkin patch.
